Monday

Zoo Marécottes and swimming pool

Look, a lynx! Did you see that bear? And the little marmot that just ran away? Even a fox! It's amazing to see up close these animals that are usually so difficult to find. At an altitude of 1110m, we will take you to immerse yourself in our alpine universe through the discovery of the species that populate our regions. Then, we will go to refresh ourselves in the beautiful natural swimming pool next to the zoo. The bathing is magical with its basin cut in the rock and its very pleasant temperature (24 to 27°).

Tuesday

Visit Haut Val de Bagnes - The Combins train

This is the day to let yourself be carried away by the train that follows the Dranse river up the valley, taking us past the beautiful landscapes of the Val de Bagnes. Along the way, you will be able to observe different constructions that have marked the history of the valley, finishing with the grandest of all of them: the Mauvoisin dam. Throughout the day, you'll also be able to visit a few local gems, such as the rocky gardens in Bonatchiesse or the "House of glaciers" in Lourtier.

Wednesday

Gabidou - Western City

How good it is to have a laugh! This morning, with Gabidou the clown, we'll be, well... clowning around! Juggling, magic, balloons, and jokes will transport you into a world full of fun. In the afternoon, the fun will continue with a visit to the Western City Park in Martigny.

PRICES :

The day	110.- CHF
The week	500.- CHF

Thursday

Treetop course - Mini Golf - Cooking workshop

Are you ready to challenge yourself at the Verbier treetop course ? A great tree course awaits you with monkey bridges, suspended walkways, Tarzan jumps and zip lines. We will also go to the resort's mini-golf course to test your putting skills while having fun. Afterwards, you will learn to become a seasoned chef with a quality cooking workshop provided by Mountain Thyme, to the delight of your taste buds.

Friday

Dairy in Orsières and visit of Champex-Lac

You've probably heard of the amazing local cheese since you've been here. Or if not, you will certainly have noticed the numerous cows populating our landscape. But how is this delicious cheese made? Come and find out with us today with a visit to the dairy in Orsières. In the afternoon, we will discover the charming village of Champex-Lac with all the activities that await us: botanical garden, treasure hunt, scooters, pedal boats or even the discovery of the artillery fort.
